 (E) write computer code  
 Answer ((A) flying a helicopter  
 Prize. an Eisenhower book

**Last Meeting** : Last week was the Car Cruise Final Logistics & Planning  
**This week's Program** : Solar Array Seminar

Jay Hartling began the meeting with the following announcements: July 14th is the Rotary car cruise. There were no visiting guests or Rotarians today. There were no birthdays or anniversaries. Today's car cruise planning and Logistics is the final meeting for this event. Next week's program is the sub-base solar arrays seminar on July 19th.

Today's planning meeting: Friday evening the Ledyard fire company will bring a pumper truck and spray down the grass at 5 PM. At 6 PM Sam and volunteers will then put lime and mark off parking spaces on the parade field. Rotarians are to report Saturday morning at 8 a.m. to their stations the event will run from 10 a.m. to 1 p.m. and will award prizes and trophies and complete all activities at 2 p.m. then clean up will occur. For set up the signs are already out, we need tables, the DJ setup, grills, Rotarian vehicles, and station assignments. Help is needed to put heavy equipment on the stage and set up for raffle tables and prizes. There are 11 vendors and will be managed by Peter Green who volunteered. Terry reported that exhibit A has 82 parking spaces and exhibit area B has 96 bases. The recommendation for getting the cars out quickly for spectator cars is using the back entrance for exit. Color guard has been confirmed and silver Dolphins will show up at 10 a.m.. Recommended to bring sunscreen in water. Raffle Committee reported that 30 raffle prizes are in the auction. All individual assignments were reviewed. This week's ticket winner was Fred Allen who did not win the \$120 prize and the consolation prize winner was Fergus.

**Events:**  
 Skip-A-Meal July 26
